Annual Report 2024

How your donation helps our ONE world!

**BILDUNG
ÜBERWINDET
ARMUT!**

Dear Readers,

A year full of **challenges** and impressive **successes** lies behind us. For us, 2024 was a year in which we achieved great things together – thanks to your **unflagging support and commitment**.

I look back with gratitude on the numerous projects and initiatives that allowed us to help **underprivileged children and young people** and to promote **sustainable developments** – we gave hope and created prospects for a brighter future.

The activities in 2024 are impressive evidence of the breadth of our efforts: from **education projects** to **relief operations in crisis zones** to **sustainable development programmes**: we have made a positive impact in many countries and regions. The projects presented on pages 6 and 7 are especially noteworthy as impressive examples of the way **your support can change lives**.

Our efforts in 2024 are also reflected in the figures: **funds totalling €6,538,516.80** were granted to **134 projects in 49 countries**, benefiting tens of thousands of young people. These figures not only illustrate our work but are, more importantly, **proof of the trust** you have placed in us.

Particularly in the current climate it cannot be taken for granted that people are prepared to make an effort to promote the well-being of others on distant continents. So we are all the more grateful to you for continuing to stand beside us in 2024 – as benefactors, partners, donors and **as friends of our mission**: to reduce poverty and create future prospects by means of education and training.

„Let us do ourselves what we recommend others do.“

Don Bosco

Let us look ahead together. If we live according to our own principles we can **bring about change**. Let us help those who need our support most urgently.

A very big thank-you! Please continue to accompany our efforts.

Best wishes,

Reinhard Heiserer, director

A few Highlights

January

A Streetworker at a School in Vienna

To mark the Day for Street Children our guest, project partner Linus Onyenagubor, visited Wenzgasse secondary school in Vienna. A good 400 pupils listened to the priest and streetworker's absorbing account of the work he does with street children in Lagos, a city in Nigeria with 15 million inhabitants. Austrian TV was also there with a camera crew.

February

Aleppo – A Year After the Disastrous Quake

A year after the devastating earthquake on 6 February 2023 the situation for the people in the badly hit Syrian city of Aleppo remains difficult. In the months after the earthquake the priority for Jugend Eine Welt was providing long-term emergency relief to the population.

May

"Street Children's Mother" Visits Christkindl

The well-known Upper Austrian village of Christkindl is also home to the "Ecuador Action Group" which has been sending financial aid to street children in the Don Bosco shelter in Ambato via Jugend Eine Welt for 20 years. The shelter's head, Sr. Narciza Pazmiño – the "street children's mother" – visited the group to mark its 20th anniversary.

March

Charity Concert in the Hofburgkapelle

Over 100 guests witnessed a stirring concert at the Hofburgkapelle in Vienna. The ensemble dolce risonanza held a charity soirée in aid of Jugend Eine Welt..

March

Air-Raid Warning at Odessa Children's Hospital

Air-raid warnings at the children's hospital that Jugend Eine Welt supports in Odessa, Ukraine mean lying on the floor with your hands over your head. Jugend Eine Welt's relief coordinator Wolfgang Wedan had to take cover like this several times during his short visit to the hospital in late March.

June

Football Mass in Hartberg with Jugend Eine Welt on TV

The fair-trade Jugend Eine Welt football was part of the televised football-themed mass in Hartberg, Styria, as was a touchline info stand. A big thank-you to the parish of Hartberg, TSV Hartberg and JUNIORS Hartberg.

June

Hunger in Crisis Region Tigray

Shortly after his trip to Ukraine, relief coordinator Wedan was already in the next crisis-torn region: Tigray in Ethiopia. Following the end of the civil war, millions of people are at risk of starvation there. Projects to provide food and water were devised together with the local Don Bosco partners.

April

Austria's President Gives Volunteers a Send-Off

In the summer Austria's president again invited the young adults from VOLONTARIAT beweg't, the organisation for voluntary assignments run by Jugend Eine Welt and the Salesians of Don Bosco, to his office in the Hofburg on the eve of their year-long period of work on one of our projects.

July

EUR 50,000 for Pupils in Madagascar Thanks to Chocolate

For World Chocolate Day (7 July) Jugend Eine Welt and chocolate-makers Zotter took stock of their two-year project "Schokolade macht Schule" ("chocolate goes to school"). 100,000 SchokoBanane bars were sold, with 50 cents of each sale going to an education project in impoverished Madagascar: 450 pupils at our partners' Don Bosco schools now get one hot meal a day.

July

South African Trainee Magicians with Successful Austrian Tour

Invited to Austria by Jugend Eine Welt and the Magic Circle Austria, magic teacher Sinethemba Bawuthi and his pupils Liyema Bovu and Voyolwethu from the College Of Magic in Cape Town, South Africa, received an enthusiastic reception for their show from their (expert) audience: at the Magic Congress in Bad Aussee, in Fieberbrunn, Tyrol and at a "magic workshop" at Wenzgasse secondary school in Vienna. Jugend Eine Welt has been supporting this unique school for years.

September

Big 60th Birthday Party

A celebratory mood prevailed at the private party given for Jugend Eine Welt director Reinhard Heiserer's 60th birthday at Vienna's Circus & Clown Museum. Long-standing companions, project partners, team members past and present, family members and close associates gathered to wish him well.

October

"Good Ticket" Wins Family a Prize

The H. family from Bad Vöslau, Lower Austria, did a good deed and won a prize for it! The husband and wife played the charity lottery run by Jugend Eine Welt and supported the organisation's work. In the summer we presented them with one of the lottery's main prizes.

August

First Part of the Family Clinic in Ghana Opens

There was much to celebrate in the small town of Kulmasa in northern Ghana, one of the country's poorest regions, when the first part of the "family clinic" officially opened there.

The Medical Mission Sisters' small hospital was built with the support of Jugend Eine Welt. Styrian GP Magdalena Griebler, an honorary board member of Jugend Eine Welt, joined the celebrations.

September

Help for Internally Displaced Persons in Ukraine

To mark the 1,000th day of war, Jugend Eine Welt director Reinhard Heiserer and relief coordinator Wolfgang Wedan visited the city of Lviv in western Ukraine. They discussed relief measures with the local Don Bosco partners who run the big prefabricated settlement for refugees in the district of Mariapolis that houses roughly 1,000 internally displaced persons, mainly women and children.

November

Elementary School Kids Sing for Jugend Eine Welt

Pupils at Hietzing elementary school in Vienna did something special in the run-up to Christmas: accompanied by their teacher Eva Zelzer they sang carols at various locations, collecting donations for children in Jugend Eine Welt projects.

INDIA

A Bigger School for Children in Narsipatnam

Many children, for example those in the villages around the small Indian town of Narsipatnam, have little chance of going to school. The number of schools is limited and besides, many children have to work to support their families. With your support the Don Bosco project partners in Narsipatnam were able to open a boarding school for 250 girls and boys. But because demand is much greater the school is currently being refurbished and extended. Please make a donation towards the school's expansion.

Little Daniel Gets His Own "Learning Chair"

Daniel's laughter says more than a thousand words: his tailor-made "learning chair" is a great help to him. A wooden board fixed across the arms of the chair allows the disabled boy to place pen and paper right in front of him. Now he can easily practise writing. Daniel's home is the Palabek settlement in northern Uganda where more than 80,000 refugees live. Our Don Bosco project partners have set up an "education campus" here: 4 kindergartens, 4 elementary schools and one vocational school for up to 750 young people.

UGANDA

Visiting Projects in India with Journalists

Jugend Eine Welt director Reinhard Heiserer undertook a special project visit with four Austrian journalists to see several projects in and around the megacities of Hyderabad and Visakhapatnam in the Indian states of Telangana and Andhra Pradesh. The projects included centres for street children, shelters for girls and a school programme in a slum.

A Scholarship Lets Luis Finish School

Luis Fernando Gómez wants to work as an electrical engineer. That the 16-year-old from Ecuador's poorest province Esmeraldas was able to complete his training as an electrical engineer at Unidad Educativa Fiscomisional "María Auxiliadora", the school run by our Don Bosco project partners in the provincial capital, is thanks to a scholarship scheme supported by Jugend Eine Welt. Many youngsters were forced to drop out of school because their parents could no longer afford it. But donations meant that 40 girls and 25 boys were able to complete the 2023/24 school year.

New School Kitchen Guarantees Hot Meals for Pupils

Doing lessons on an empty stomach never goes well. Something the pupils at the Roman Catholic Primary and Junior High School in the small town of Kulmasa in northern Ghana had often discovered. Many of them were hungry even as the school day started. With the help of Jugend Eine Welt the small, run-down school kitchen has been refurbished with a new gas cooker, refrigerator and crockery. Now the children get freshly made meals every day. A small project with a big impact.

Partner Uni's 30th Anniversary

The Universidad Politécnica Salesiana (UPS) was founded in 1994 in Cuenca, Ecuador's third-largest city. Sites in Quito and Guayaquil followed. 30 years on, the UPS is among the best universities in Ecuador. A success story with close links to Austria: through its subsidiary Don Bosco Finanzierungs GmbH, Jugend Eine Welt issued three education bonds for the UPS. Concrete Efforts, PR & Global Project Work

32 **32 unpaid staff members** in Austria performed various duties for Jugend Eine Welt in 2024. They worked as volunteers on one of our education initiatives, helped with all kinds of office work or provided very welcome support at one of the numerous events our organisation was involved in, manning information stands, for example.

2.956 **working hours** were put in by our volunteers overall. We say a big **THANK-YOU** to each and every one of them.

14 **Senior Expert assignments** took place in 2024. These men and women from Austria have professional experience and experience of life and contributed their expertise to projects supported by Jugend Eine Welt with great energy and dedication.

3.210 **hours of work** were put in overall by the Senior Experts at their project locations in 2024. For example, retired teacher Susanne Ehgartner (pictured right) supported the Don Bosco Sister Hanni Denifl, originally from Tyrol, who runs several facilities for underprivileged children and adolescents with fellow sisters in the city of Cotonou in Benin, West Africa. These include a home for girls in which teenage mothers and their babies also find a place to stay.

59 **press releases** with photos were sent out by the Jugend Eine Welt PR department in 2024. The topics they dealt with – ranging from information on current projects to emergency humanitarian aid to assessments of situations – were widely covered in the mainstream media.

7 **social media platforms** – Facebook, Instagram, X (Twitter), Bluesky, LinkedIn, YouTube, WhatsApp – provide more than 10,300 followers overall with regular insights into Jugend Eine Welt's work.

73

events dealing with education and voluntary work were held in 2024.

23

free talks were given by solicitors throughout Austria on the topic of inheritance law under the "Vergissmeinnicht" scheme in 2024. Jugend Eine Welt was also in attendance to inform participants about ways of making bequests. We had a particularly interesting evening at one such event in Vienna when our honorary ambassador Chris Lohner read excerpts from her autobiography, *Ich bin ein Kind der Stadt – Wienerin seit 1943*.

9

apprentices have already completed their training as office administrators at Jugend Eine Welt. Most recently we were able to congratulate Tejveer Nijjar on the successful completion of his three-year apprenticeship.

Thanks to the donations we receive we continue to be able to train young people in Austria as apprentices in keeping with the Don Bosco principles.

134

projects benefited from the financial support made possible by our donors' contributions. From school education to vocational training to centres for street children, humanitarian aid in a crisis and medical care for children and young people the world over.

R.I.P. FATHER JOHANN KIESLING

For his 90th birthday in July we sent our congratulations to **Father Johann Kiesling SDB**, our project partner for decades, in the Dem. Rep. Congo. Three months later we received the sad news: Father Johann **died on 22 October**. To the last he worked for the well-being of Africa's young generation with profound knowledge, a great deal of humour and, like his great role model Don Bosco, unshakeable faith.

Dear old friend – we all miss you terribly! Your life's work is an example and incentive to us to continue to help. THANK YOU.

Charity Event at Vienna's Ehrbar Saal

At the beginning of October, numerous friends of Jugend Eine Welt and fans of Chris Lohner were treated to a light-hearted evening of contemporary history in the Ehrbar Saal in Vienna. Together with Toni Matosic, the man behind the cult Viennese band Monti Beton, she presented her show "Bazooka and Four in a Jeep".

Chris Lohner – A Child of the City

In a musical revue about her autobiography *Ich bin ein Kind der Stadt – Wienerin seit 1943*, Chris Lohner presented anecdotes about her childhood in bombed-out Vienna between 1943 to 1955 with charming frankness. Many of the events are still fresh in her mind. She still vividly recalls communal warm rooms, public bathhouses, the city split into four occupied zones, the daily dose

of cod-liver oil, clips round the ear, communal water taps on apartment block landings, nettle spinach and grandma's sorrel soup. And, of course, 15 May 1955, that watershed in the history of the Austrian republic when the State Treaty was signed in the Belvedere palace in Vienna.

At a signing session afterwards, guests had the chance to obtain a highly prized autograph from the well-known presenter, author and actress. All the proceeds of this charity event went to Jugend Eine Welt.

A big thank-you to the management of the Ehrbar Saal for allowing us to use it free of charge.

Jugend Eine Welt With Fundraising Ad of the Year

In November our TV commercial for the current advertising campaign was chosen as the fundraising commercial of the year at the annual Fundraising Awards Gala. In the commercial, Chris Lohner endorses bequests to Jugend Eine Welt.

Campaign sets new standards

"The commercial 'Your signature for a better future' from Jugend Eine Welt successfully puts the topic of bequests on TV," said the jury, explaining why they chose it as the fundraising commercial of the year. "With a well-known face endorsing the product and an authentic message the campaign sets new standards and does valuable groundwork for the entire sector."

"I want to give something back"

Chris Lohner (*"I don't endorse anything I don't do myself. That's why I have remembered Jugend Eine Welt in my will."*) can also be seen on billboards throughout Austria. "I'm in good health. I'm grateful for that and that's why I want to give something back. That's also why I serve as Jugend Eine Welt's honorary ambassador," she says.

We say a big thank-you to all those who worked on conceiving and running the Jugend Eine Welt advertising campaign free of charge: Chris Lohner, Agentur Freude Agency, erna, Inge Prader, director Markus Gasser & his team and the Künstlerhaus Wien | Gesellschaft Bildender Künstlerinnen und Künstler..

Board Member Magdalena Griebler in Action

Dr Magdalena Griebler joined the Jugend Eine Welt board in November 2024. The dedicated GP hails from Mariazell where she is in charge of the health centre. She has had connections with the Austrian development organisation for many years.

Magdalena has undertaken numerous assignments with the Medical Mission Sisters, Jugend Eine Welt project partners for many years, in Ethiopia and Ghana where the 37-year-old's tasks included treating expectant mothers and children. At times Magdalena practised with the mobile health-care teams in the open air in the shade of mango trees. This gave needy villagers the chance to

receive medical attention free of charge. "I find it immensely rewarding to help underprivileged people, both in their home environments as a doctor and in a more general way through my activities as an unpaid board member of Jugend Eine Welt," says Magdalena, explaining her reasons for her involvement with Jugend Eine Welt. "Seeing that the aid really reaches those who need it and the dedication with which every project is carried out at Jugend Eine Welt is quite simply a good feeling."

A Success Story from Kulmasa, Ghana

Abmaba is 32 years old and lives in a remote village near Kulmasa, a small town in northern Ghana.

Six years ago, the life of the mother-of-four changed almost overnight. A bout of malaria left her with paralysed legs. She was no longer able to move independently. Instead of going to work in the fields every day to plant vegetables

for her family the young woman was forced to stay at home. Apart from her restricted mobility, the illness also affected Abmaba's mental health. But far worse was the fact that her children now had less to eat since

her vegetable cultivation had ground to a halt. To begin with, the Medical Mission Sisters, partners of Jugend Eine Welt in Ghana for many years, organised crutches for Abmaba. But not long ago she was presented with a very special surprise: a converted bicycle that she can propel with her arms, allowing her to move about without assistance. The 32-year-old can travel the short distance to market again and the fact that she is once again able to leave the house whenever she wants has restored her self-esteem.

We Give Young People the Prospect of a Good Life

Jugend Eine Welt's core tasks: making school education and vocational training possible, providing humanitarian aid and arranging volunteer assignments.

Giving girls and boys access to school and vocational training. Offering them a place where their physical and mental well-being is assured, where they are protected from dangers such as violence, abuse and exploitation – if their families cannot do this. Doing everything so that young people can lead an independent and secure life in dignity. .

„All that together gives the young people the prospect of a good life“

Jugend Eine Welt director Reinhard Heiserer

Those, in a nutshell, are the core tasks of Jugend Eine Welt. They serve as criteria for selecting projects for **sustainable development cooperation**. In keeping with the motto “Education overcomes poverty” that Jugend Eine Welt has adhered to since its inception. **Giving young people access to schooling and training** is among our most important **core tasks**. Another is **humanitarian aid** which, owing to the multiple crises and natural disasters around the world, has

played a large role in our work during the past five years.

Programmes for Street Children

Jugend Eine Welt supports **projects for street children** all over the world. Priorities are accommodating them in safe **residential homes**, **providing medical care** and carefully helping them back into society.

Emergency aid & disaster relief

In 2024, 11 of the 134 projects that received support were relief projects. Such as the support given to the numerous internally displaced persons in Ukraine and the help provided to the population in the Tigray region of Ethiopia following the calamitous civil war. .

Volunteer assignments on our projects

VOLONTARIAT bewegt has been making these happen for young adults for over 10 years. The organisation is administered by Jugend Eine Welt and the Salesians of Don Bosco. Older people with professional experience can go on international assignments through Jugend Eine Welt's **Senior Experts programme**.

TAKING STOCK

Notes on the financial statement, annual report and financial report

“Education overcomes poverty” – this is the conviction that has motivated Jugend Eine Welt since its **foundation in 1997** to make a better future possible for disadvantaged children and young people all over the world. Since the introduction of the Austrian donation seal of approval in 2001 we have been one of the organisations entitled to use it continuously. This gives you the certainty that your donation is used in accordance with your intentions.

For an organisation to be awarded the seal of approval, an independent audit of its accounts and publication of a financial report on the basis of this audit are required. Every euro donated to Jugend Eine Welt is an expression of trust in us. Accountability and transparency are important to us.

Thanks to the **generous support** of our donors during the past year we were once again able to reach **numerous children and young people** in difficulty.

Thank you for your important help in 2024!

Thank you!

The Sustainable Development Goals (SDGs) relating to health

What are SDGs? In 2015, the United Nations defined and adopted 17 goals, the so-called SDGs (Sustainable Development Goals), in a resolution known as “Agenda 2030 for Sustainable Development” and undertook to implement them at regional, national and international level. The SDGs cover a wide range of topics, from environmental protection to health care, education and reducing hunger.

These are some important goals for the well-being of every person:
